

March 8, 2024

It's that time of year: **The CRF Annual Safety Review**. Please pick from one of the four sessions if you would like to renew your certification and maintain your SQL/CQL status for 2024. Sessions that are not "Zoom only" will be hybrid in the CRF conference room. Please try to attend the in-person sessions at the Boathouse if you think you will have multiple questions. For efficiency, we may try and tackle these after the main session concludes.

If you cannot attend any of the below sessions, please notify your Org Head and The Safety Chair, and we'll see if we have to schedule one more "make-up" session in late spring.
